Alexandria VA 22313-1450

Sir:

Copies of the listed documents (except for US patents and US patent application publications, if any) are also being submitted herewith to comply with the provisions of 37 C.F.R. § 1.98 with copies of English translations of non-English language references or of the pertinent portions thereof, if such translations are readily available. If applicable, English copies of foreign search reports citing at least some of the documents herein listed on PTO/SB/08 are also enclosed.

The documents listed on the attached PTO/SB/08 are being submitted in compliance with 37 C.F.R. §1.97(b), within three (3) months of the filing date of a national application or of the date of entry of the national stage in an international application or after said 3 months but before the issuance of a first Office Action.

Some of the documents listed on the attached PTO/SB/08 were cited in the International Search Report of the corresponding PCT Application, a copy of the International Search Report being annexed to the present Information Disclosure Statement.

The submission of any document which is not a statutory bar is not intended as an admission that such document constitutes prior art against the claims of the present application. Applicant does not waive any rights to take any action which would be appropriate to antedate or otherwise remove as a competent reference any document which is determined to be a prima facie prior art reference against the claims of the present application.

Respectfully submitted,
